About This Game

Can you shoplift until you drop? Steal everything from groceries to pets from a crazy pet store while avoiding the police in this crazy shoplifting simulator. Plan the perf 5d3b920ae0

Title: Teeny Heist
Genre: Casual, Indie, Simulation, Strategy
Developer:
The Burning Red Design
Publisher:
The Burning Red Design
Release Date: 11 Feb, 2018

English

This game is fun and inexpensive, however, you move your character by clicking your mouse somewhere on the floor. This is tiring and frustrating when trying to run from the cops or just move around at all. I've been playing for 10 minutes and my clicking hand is killing me. If I could move with WASD or arrow keys I would definitely recommend this game as a great time killer and casual indie game.
